PROFILE

Motivated junior software developer with a first-class degree in Computer Science and hands-on experience building web applications and data tools. Strong problem solver who enjoys working in small teams, learning quickly and shipping clean, well-tested code.

EXPERIENCE

Junior Software Developer — Northbridge Digital Ltd *Jul 2024 – Present*

- Built and maintained customer-facing features in a React and Node.js web platform used by 20,000+ users.
- Reduced average API response time by 35% by optimising database queries and adding caching.
- Wrote unit and integration tests, raising code coverage from 52% to 81%.
- Took part in code reviews and sprint planning within an agile team of six.

Software Engineering Intern — Brightwater Analytics *Jun 2023 – Sep 2023*

- Developed a Python dashboard that automated weekly reporting, saving the team roughly 5 hours a week.
- Cleaned and analysed datasets of 500k+ rows using Pandas and presented findings to stakeholders.

Sales Assistant — Harlow & Finch Retail *Sep 2021 – May 2023 (part-time)*

- Delivered friendly customer service in a busy store, consistently meeting weekly sales targets.
- Trained three new colleagues on tills and stock systems.

EDUCATION

BSc Computer Science (First Class) — Redfield University *2021 – 2024*

- Final-year project: a recommendation engine for a campus events app (awarded 84%).
- Relevant modules: Algorithms, Databases, Software Engineering, Machine Learning.

A-Levels — Oakmere Sixth Form College *2019 – 2021*

- Computer Science (A), Mathematics (A), Physics (B).

PROJECTS

- **Budget Buddy** — personal finance tracker built with Python and SQLite, with charts and CSV import.
- **PixelQuest** — 2D platformer game made in C# with a custom level editor.

SKILLS

Languages: Python, JavaScript, TypeScript, C#, SQL
Tools & frameworks: React, Node.js, Git, Docker, Pandas, Jest
Soft skills: teamwork, clear communication, time management

INTERESTS

Five-a-side football, board games, and volunteering at a weekend coding club for teenagers.
